That is the most recent file that I have of the SOW as well; I too could not change it to a Word file but have reviewed & compared it to the most recent document. All looks good to me and I feel that the document is ready to submit. Any problems or concerns, please feel free to contact me.

Subject: FW: Washington Works - Proposed Scope of Work for Supplemental Sampling Activities (12-22-16)

Hi All,

FYI, we have the scope of work. I will look at it today. Jacquie, my administrative assistant is out. Do you have someone in ORC that can convert this to MS Word and I will compare it to the previous file.

Also, I attach what I believe is the final Scope of Work from our perspective. It is from December 13, 2016 and it is called version 3. May someone verify this? I want to make sure I compare the correct files.

Thank you,
Jenny
